DISCHARGED .- Mr. Reuben Bowers, who was arrested on Monday night as a deserter, was found, upon examination, to hold an honorable discharge from the United States service, and was promptly released.

SALE OF REAL ESTATE.-Lot No. 32 Queen street, measuring twenty feet in front and one hundred and six feet in depth, with the old brick building thereon, was sold yesterday morning at auction for \$1210, by R. M. Mershall & Bro.

CASES BEFORE THE UNITED STATES COMMIS SIONER YESTERDAY .- George Lee, charged with having tampered with the ballot boxes at Summerville, appeared, and was bound over to appear before court in January.

Kit Moultrie, one of the managers of election at the St. Andrew's Church poll, charged with tampering with the ballot box of his precinct, appeared and gave ball for his appearance before the commissioner on the 22d inst.

The case of the rioters at Wappetaw Church, in Christ Church Parish, was brought up, and five of the party gave bail for their appearance before court in January. The others were discharged.

THE WAY IT IS DONE .- No merchant who declines to advertise can ever expect to prosper or achieve success. This is eminently an adver tising age, and those who fall to recognize the fact will as certainly be left behind in the great race for fortune as sailing vessels are to lag astern in races with steamers on the ocean. The great art (and there are few who realize its importance) is to keep one's name continually before the public: for though people may not at first accept your invitation to call, curiosity will cause them eventually to look in, and thus you are shortly lifted to success, while your short-sighted neighbor wonders why on earth people pass by his store with out even bestowing a glance upon his goods.

THE ADORR STRAY LINE. This long established steam line, whose history has been one of minished prosperity and patronage. The steady regularity of the voyages of the ships of this line is unsurpassed, and they arrive and depart with unequalled promptness. The popular steamer Manhattan has just-completed one of her speedy trips to New York, arriving there early yesterday, in fifty-two hours. The Champion, Captain R. W. Lockwood, reached her wharf here yesterday forenoon, with a handsome freight and passenger list, and the James Adger, Captain T. J. Lockwood, departed about midday with a heavy freight of cotton and other produce.

MAGAZINE CREEK. - The appropriation made by Congress for the removal of obstructions in Magazine Creek is in course of expenditure and the force of wreckers now at work will soon make the channel as clear as though it had never been impeded by the debris of war. The chief obstruction was the old dry dock, built about twenty years ago by the Charleston Dry Dock Company. It was the largest floating dock that Charleston ever had, was two hundred and fifty feet long, and cost about \$50,000. The dock was covered throughout with twenty-eight ounce Munz's metal. The dock was sold to the Confederate Government during the war, and when the hombardment of the city began this "portable property" was towed to Magazine Creek, where it ay until the evacuation of Charleston, when it was sunk. The wreckers on Saturday blew off the gate, and yesterday, with a charge of three hundred pounds of powder, they blew off one of the sides. One side and a part of the bottom remain to be removed. A torpedo boat was sunk at the same place, and will be blown up or otherwise disposed of.

MEETING OF CITY COUNCIL. Election of City Officers.

The regular meeting of City Council was held last evening at 7 o'clock. Present, the Mayor, and Aldermen Brown, Collins, Geddings. Holloway, Hampton, Howard, McKinlay, Voigt, Thorne, E. P. Wall, L. F. Wall, Cunningham, Potter and Small.

The minutes of the last regular meeting were read and confirmed. Alderman Hampton moved that Council go into an immediate election for city officers. .

The Mayor stated that there was some business which should be first transacted, and read a letter from the secretary of the Cheraw and Darlington Railroad, requesting that Council should appoint delegates to the annual meeting of the stockholders of that company. On motion of Alderman Collins, the Mayor was empowered to make the appointments.

A petition of W. H. Smith, asking that he be allowed to erect a steam engine in Queen, near Mazyck street, was referred to the committee on

steam engines. The Mayor also presented a communication from Mr. L. W. Spratt, in relation to the amount to be allowed him on the land taken by the city for the purpose of widening East Bay, which was referred to the committee which had charge of the matter of land taken to widen East Bay The Mayor then read the report of the city sheriff, which was received as information.

Alderman Geddings, from the committee on ac counts, read the report of the city treasurer, which was received as information and ordered to be published. The committee to whom was referred the pro-

position of Mr. Sasdorf, as made through his agent, Mr. Leiding, to re-lease to the city certain property on Hayne street in payment of taxes, re-ported that they deemed it best that Council should decline the proposition, which report was, on motion of Alderman Cunningham, laid over to the next regular riceting.

A communication from William M. Bird & Co., in relation to the sidewalk on Cumberland street, near East Bay, was referred to the committee on streets with power to act.

The election for city officers was then proceed ed with and resulted as follows:

There was some little opposition to these candidates, but with the exception of the would-be flour inspectors, it was easily overcome. E. P. Wail, Jr.; and C. N. Averill received an equal number of votes on three different ballots. Alderman Volgt then nominated M. Caulfield, and the vote on the fourth ballot atood: Averill, 7; Caulfield, 1; Wall, 8; and 9 being necessary to a choice, the Mayor called for another ballot, on which the vote stood Wall 9, Averill 7.

The only opponent for the office of harbormas ter was the incumbent, G. B. Stoddard, who was nominated by Alderman Voigt. On motion of Alderman E. P. Wall, it was the

BILL OF MORTALITY. -The report of the city registrar for the week ending November 2, 1870, shows a total of 22 deaths. Of these 11 were whites and 11 blacks and colored. One colored nan was between 90 and 100 years of age.

UNITED STATES DISTRICT COURT .- The court was opened at 11 o'clock vesterday morning. Hon. George S. Bryan, presiding. The following case was disposed of:
"The United States vs. Captain Joseph W. Snow.

of the American bark Sarah, of Boston. Complaint of cruel treatment of seaman Isaac Lee, under act of Congress, of 1864. After hearing testimony and argument of counsel, ordered that the defendant be released from custody, and that he to without day.

St. Peter's Church Fair .- The pastor and congregation of St. Peter's Catholic Church have been earnestly engaged during the p holding a fair for the benefit of the school attached to the church. Articles on exhibition and for sale, the attendance on the tables, the music, in short, all the requisites of a good fair, have been this benevolent entergrise deserve credit for their success in these particulars. But the patronage has not been as liberal as was reasonably expected, and the fair will be kept open to-night and due. o-morrow night, to give all good Catholics an oportunity to testify their appreciation of and willingness to promote the laudable object of the undertaking.

THE FLORENCES .- A crowded house greeted he distinguished comedians last night at the Academy of Music, and never, we venture to say. was "Handy Andy" better rendered or more applauded. Mr. Florence has for so many years occupied the topmost position on the American stage, in his peculiar line, that nothing we could say could add a single leaf to his laurel crown. Mr. Florence fast night was fully up to his reputation. "Handy Andy" was most thoroughly "natural," and his brogue rich and mellow enough to satisfy the most fastidious Milesian.

The afterplece, "The Young Actress," does not retend to the dignity of a plot, but is merely cast to give Mrs. Florence an opportunity to exhibit her versatility as a singer, dancer and actress. Her "Yankee Girl" was particularly good, and was received with most rapturous applause Indeed, both Mr. and Mrs. Florence had repeated proofs of the admiration of the audience, and vere called out or encored again and again. Altogether, the performance was very enjoyable.

CLUBS AND STARS .- R. L. Richardson, under arrest for being drunk and disorderly at the corner of Meeting and Broad streets, was entenced to pay a fine of \$5 or go to the House

of Correction for ten days. James Hughes, confined for vagrancy and attempting to steal from a wagon delivering gro-ceries at the corner of King and Tradd streets, was sent to the House of Correction for twenty

davs. Catharine Ragg was brought before a trial justice, for assaulting Fanny Brown, and fined \$2 and costs.

A watchmaker on King street was arrested yesterday, on the charge of breach of trust and larceny, having falled to restore a silver watch left wish him to be repaired.

Zilla Johnson was sentenced by Trial Justice Levy to pay \$2 and costs or go to jail for ten days, for beating Laura Parker.

Trial Justice Mackey sent a man to jail for twelve hours for contempt of court, he having refused to give his name when called upon.

FROM TRUSTWORTHY DATA IT has been estimated that at least one-fourth of all persons born in the United States have, at birth. ungs in a tuberculous condition, and, in conse onence, are predisposed to pulmonary complaints yet it is equally well established that this predisposition need not end in Consumption, Asthma, or any other lung disease, if due care and watch fulness be observed, and all exciting causes promptly treated as they arise. It is in just such cases Dr. JAYNE'S EXPECTORANT exercises its most beneficial effects, and has produced the largest proportion of its cures. Besides promptly removing Coughs and Colds, which, when left to themselves, are the most common cause of tuber-culous development, the EXPECTORANT allays any inflammation which may exist, and by promoting easy expectoration cleanses the lungs of the substances which clog them up, and which rapidly destroy when suffered to remain. A QUESTION IN MANY HOMES. The fine times when we could all live on the fat of the land have gone by, perhaps never to return. Of late, the question how to obtain the largest amount of wholesome, palatable nourish-ment at the lowest possible price, has been earnestly discussed in thousands of American homes. The introduction of Sea Moss Farine as a national food staple, solves that problem. From no other article under the sun can the same amount of delicious fare be obtained for the same cost. The custards, Charlottes, jellies, puddings, &c., made from it are "fit for Juno when she banquets;" and as a clarifler for refining cider and other fermented potables, it has no equal. The Sea Moss Farine Co., who own the patent for the article, have their central depot at 53 Park Place. New York, and within twelve months they have established a business of immense magnitude and importance. nov14-mwf3D&c

A NATIONAL MEDICINE.—ONE can hardly pick up a newspaper or turn a street corner now-a-days that he does not find, staring him in the face, the announcement that Professor So-and-so has just discovered a medicine which is a panacea for all the ills that flesh is or may be heir to. These "wonderful" discoveries usually have an existence of a few months, then disappear from public notice. The reason of their sudden extinguishment is apparent. They were humbugs. At the outset all medical preparations have an equal chance for success, as all are equally unknown; but the chaff is soon winnowed from the grain by the practical test which an unpreju-INGS AND TRUST COMPANY, CHARLESTON | few preparations of medicine which have withstood the impartial judgment of the people for any length of time. One of the few which we J. R. Tucker on J. H. Tucker, October 17, have now in mind, and which has been a long time familiar to nearly every household in the land, is the celebrated HOSTETTER'S STOMACH BITTERS. Their almost universal sale and use, and their emphatic endorsement from all portions of the country, compet the admission that they must be a specific for the ailments for which they are recommended. Letters before us attest their emcacy in diseases of the throat, bowels and liver. In that truly terrible complaint, dyspepsia, they are regarded as a sure cure. In Pittsburgh, where these Bitters are manufactured, their sale for home use is !mmense. This fact alone speaks volumes in their favor .- Extracts from the Mus-
